B. CHANGES TO THIS CONTRACT / PURCHASE ORDER / DELIVERY ORDER

The Contracting Officer (CO) is the only person authorized to approve changes or modify any of the requirements under this contract and, notwithstanding any provisions contained elsewhere in this contract, the said authority remains solely with the CO. In the event the Contractor effects any such change at the direction of any person other than the CO, the change will be considered to have been made without authority and no adjustment will be made in the contract price to cover any increase in costs incurred as a result thereof.

Contractual problems, of any nature, which might occur during the life of the contract must be handled in conformance with public laws and regulations and must be referred to the CO for resolution. Only the CO is authorized to formally resolve such problems. Therefore, the Contractor is hereby directed to bring all such

contractual problems to the immediate attention of the CO. Any request for contract changes/modification shall be submitted to the CO.

C. CCR REGISTRATION

Invoice payment cannot be made if a contractor's Central Contractor Registration (CCR) is inactive. Invoices received from a contractor who fails to maintain active CCR registration are considered to be improper and may be returned. The contractor is responsible to maintain active CCR registration until final payment has been made. CCR registration must be updated and renewed annually. <http://www.ccr.gov>

D. DELIVERY / BASE ACCESS REQUIREMENTS

Delivery personnel must use the SAC Gate off of Capehart road south of the Bellevue, Nebraska , Highway 370 exit. Report to the Visitor's Center and call for escort (if needed) to the final destination:

POC: <u>TBD</u>

Delivery vehicles are subject to search by Security Forces personnel. All tools, including assembly tools, must be secured within a toolbox in the trailer of the vehicle and should not be transported on base in the cab of the vehicle. All personnel accessing Offutt Air Force Base will be held to safety/security rules of engagement when entering and while on base. These rules include a ban on weapons to include firearms, loaded or otherwise, and the transport of any explosive material.

E. NATIONAL CRIME INFORMATION CENTER (NCIC) BACKGROUND CHECK

1. In addition to the requirements identified in FAR 52.204-9 - Personal Identity Verification of Contractor Personnel and AFFARS 5352.242-9000 - Contractor access to Air Force installations, all contract employees require a positive NCIC background check prior to being granted access to Offutt AFB in accordance with the installation security policy. To expedite this requirement, the contractor shall complete NCIC Data Memo for every employee proposed to perform work under this contract requiring physical access to Offutt AFB. All completed forms will be forwarded to the following POC no later than 3 business days prior to the contract start date:

55 SFS/S5A
Mr. William J. Mercier
198 Butler Blvd.
Offutt AFB, NE 68113
Phone: (402) 294-5252
Email: William.Mercier@offutt.af.mil

A memorandum shall be prepared for each follow-on/replacement employee who is not provided with the initial group of employee data. Each shall be provided no later than 3 business days prior to the proposed individuals start date.

2. If an individual is denied a base pass/access to the installation, the contractor is not prohibited from hiring that individual for work on this contract as long as the work entailed does not require the individual to have physical access to Offutt AFB or any of its facilities. Employees who refuse to complete the form will be denied access to the installation.

3. All illegal aliens are considered unauthorized individuals and will be barred from the base. Illegal aliens attempting entry or found on the installation (if incorrectly issued a pass) will be processed as an unauthorized individual and removed from the installation. In addition to notifying the contractor of the illegal alien, the Offutt AFB Security Forces will notify AF Office of Special Investigations, local police and the US Immigration and Customs Enforcement office. Contractors are prohibited from hiring illegal aliens for work on a Government contract and the other Government agencies contacted upon discovery of the illegal may seek corrective and/or punitive actions pursuant to law against the hiring organization if violations occur.

4. The below list, which is to be verified every 30 days during contract performance, identifies reasons why an individual, if they are identified during the NCIC check, would be denied access to Offutt AFB:

Disqualifiers that would deny contract employee's entry/access to the installation or its facilities:

- U.S. Citizenship, immigration status, or Social Security Account Number cannot be verified.
- Wanted by federal or civil law enforcement authorities, regardless of offense or violation.
- Conviction of firearms or explosives violation within the past three years.
- Incarcerated for 12 months or longer within the past three years, regardless of offense or violation.
- Conviction of espionage, sabotage, treason or terrorism, murder, sexual assault, armed assault/robbery, rape, child molestation, drug possession with intent to sell, or drug distribution.
- Name appears on any federal agency's "watch list" or "hit list" for criminal behavior or terrorist activity.
- Any other criminal activity identified on the NCIC check that the Wing Commander determines to be so serious as to pose a possible threat to the safety and security of base personnel and facilities.

5. A 100% Base Pass check is required for all contractors (even if a passenger in an authorized vehicle) and contract vehicles entering the installation. Contractors are not authorized to bring guests or other contract employees onto the installation unless those individuals are personally in possession of a base pass or Government Identification card.

F. MOTOR VEHICLE OPERATION ON BASE

1. Contractor personnel are advised that seat belt usage is mandatory at all times on Offutt AFB. Nebraska state law requires the use of restraints in a vehicle. Air Force Instruction 31.204, Air Force Motor Traffic Supervision, prescribes that installation commanders must ensure drivers comply with state and local traffic laws both on and off base. Accordingly, while on Offutt AFB, operators and passengers must wear restraints and may be ticketed by Offutt security personnel for failure to comply. Repeated offenses on Offutt AFB will result in the loss of on-base driving privileges and could have an adverse affect on you ability to perform your contract.

2. Contractor personnel are advised that Vehicle operators on a DoD installation and operators of Government owned vehicles will not use cell phones unless the vehicle is safely parked or unless they are using a hands-free device. The wearing of any other portable headphones, earphones, or other listening devices (except for hands-free cellular phones) while operating a motor vehicle is prohibited (DoD Joint Motor Vehicle Traffic Supervision Regulation, paragraph 4-2). Using a cell phone while driving, without a hands free device will be considered a "primary offense", meaning that violators will be able to be stopped and ticketed solely for this offense. Repeated offenses on Offutt AFB will result in the loss of on-base driving privileges and could have an adverse affect on you ability to perform your contract.

G. WORK SCHEDULE

Working hours for the contractor will normally be between the hours of 8:00 A.M. and 5:00 P.M., excluding Saturdays, Sundays, and Federal holidays (unless otherwise specified). If the contractor desires to work during periods other than above, additional Government inspection forces may be required. The contractor must notify the

Contracting Officer (CO) three days in advance of this intention to work during other periods. This allows assignment of additional inspection forces when the CO determines that they are reasonably available. If such force is reasonably available, the CO may authorize the contractor to perform in excess of their normal duty hours/days solely for the benefit of the contractor, the actual cost of the inspection at overtime rates will be charged to the contractor. These adjustments to the contract price may be made periodically as directed by the CO.

52.219-28 POST-AWARD SMALL BUSINESS PROGRAM REREPRESENTATION (JUNE 2007)

(a) Definitions. As used in this clause--

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause.

(b) If the Contractor represented that it was a small business concern prior to award of this contract, the Contractor shall rerepresent its size status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon the occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts--

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the exercise date specified in the contract for any option thereafter.

(c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code assigned to this contract. The small business size standard corresponding to this NAICS code can be found at <http://www.sba.gov/services/contractingopportunities/sizestandardstocics/>.

(d) The small business size standard for a Contractor providing a product which it does not manufacture itself, for a contract other than a construction or service contract, is 500 employees.

(e) Except as provided in paragraph (g) of this clause, the Contractor shall make the rerepresentation required by paragraph (b) of this clause by validating or updating all its representations in the Online Representations and Certifications Application and its data in the Central Contractor Registration, as necessary, to ensure they reflect current status. The Contractor shall notify the contracting office by e-mail, or otherwise in writing, that the data have been validated or updated, and provide the date of the validation or update.

(f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.

(g) If the Contractor does not have representations and certifications in ORCA, or does not have a representation in ORCA for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

The Contractor represents that it () is, () is not a small business concern under NAICS Code 236220- assigned to contract number .

(Contractor to sign and date and insert authorized signer's name and title).

(End of clause)

52.225-9 BUY AMERICAN ACT—CONSTRUCTION MATERIALS (JAN 2005)

(a) Definitions. As used in this clause--

Component means an article, material, or supply incorporated directly into a construction material.

Construction material means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

Cost of components means--

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the construction material (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

Domestic construction material means--

- (1) An unmanufactured construction material mined or produced in the United States; or
- (2) A construction material manufactured in the United States, if the cost of its components mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic.

Foreign construction material means a construction material other than a domestic construction material.

United States means the 50 States, the District of Columbia, and outlying areas.

(b) Domestic preference. (1) This clause implements the Buy American Act (41 U.S.C. 10a-10d) by providing a preference for domestic construction material. The Contractor shall use only domestic construction material in performing this contract, except as provided in paragraphs (b)(2) and (b)(3) of this clause.

(2) This requirement does not apply to the construction material or components listed by the Government as follows:
None

(3) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(2) of this clause if the Government determines that

(i) The cost of domestic construction material would be unreasonable. The cost of a particular domestic construction material subject to the requirements of the Buy American Act is unreasonable when the cost of such material exceeds the cost of foreign material by more than 6 percent;

(ii) The application of the restriction of the Buy American Act to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(c) Request for determination of inapplicability of the Buy American Act. (1)(i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(3) of this clause shall include adequate information for Government evaluation of the request, including--

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Price;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(3) of this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.

(iii) The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to the Buy American Act applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(3)(i) of this clause.

(3) Unless the Government determines that an exception to the Buy American Act applies, use of foreign construction material is noncompliant with the Buy American Act.

(d) Data. To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor shall include the following information and any applicable supporting data based on the survey of suppliers:

Foreign and Domestic Construction Materials Price Comparison

Construction material description	Unit of measure	Quantity	Price (dollars) \1\
Item 1			
Foreign construction material....			
Domestic construction material...			
Item 2			
Foreign construction material....			
Domestic construction material...			

Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued).

List name, address, telephone number, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.

Include other applicable supporting information.

(End of clause)

252.232-7003 ELECTRONIC SUBMISSION OF PAYMENT REQUESTS AND RECEIVING REPORTS (MAR 2008)

(a) Definitions. As used in this clause--

(1) Contract financing payment and invoice payment have the meanings given in section 32.001 of the Federal Acquisition Regulation.

(2) Electronic form means any automated system that transmits information electronically from the initiating system to all affected systems. Facsimile, e-mail, and scanned documents are not acceptable electronic forms for submission of payment requests. However, scanned documents are acceptable when they are part of a submission of a payment request made using Wide Area WorkFlow (WAWF) or another electronic form authorized by the Contracting Officer.

(3) Payment request means any request for contract financing payment or invoice payment submitted by the Contractor under this contract.

(b) Except as provided in paragraph (c) of this clause, the Contractor shall submit payment requests and receiving reports using WAWF, in one of the following electronic formats that WAWF accepts: Electronic Data Interchange, Secure File Transfer Protocol, or World Wide Web input. Information regarding WAWF is available on the Internet at <https://wawf.eb.mil/>.

(c) The Contractor may submit a payment request and receiving report using other than WAWF only when--

(1) The Contracting Officer authorizes use of another electronic form. With such an authorization, the Contractor and the Contracting Officer shall agree to a plan, which shall include a timeline, specifying when the Contractor will transfer to WAWF;

(2) DoD is unable to receive a payment request or provide acceptance in electronic form;

(3) The Contracting Officer administering the contract for payment has determined, in writing, that electronic submission would be unduly burdensome to the Contractor. In such cases, the Contractor shall include a copy of the Contracting Officer's determination with each request for payment; or

(4) DoD makes payment for commercial transportation services provided under a Government rate tender or a contract for transportation services using a DoD-approved electronic third party payment system or other exempted vendor payment/invoicing system (e.g., PowerTrack, Transportation Financial Management System, and Cargo and Billing System).

(d) The Contractor shall submit any non-electronic payment requests using the method or methods specified in Section G of the contract.

(e) In addition to the requirements of this clause, the Contractor shall meet the requirements of the appropriate payment clauses in this contract when submitting payments requests.

52.209-5 CERTIFICATION REGARDING RESPONSIBILITY MATTERS (MAY 2008)

(a)(1) The Offeror certifies, to the best of its knowledge and belief, that-

(i) The Offeror and/or any of its Principals-

(A) Are () are not () presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have () have not (), within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, state, or local) contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(C) Are () are not () presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision.; and

(D) Have [ballot], have not [ballot], within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) Examples. (i) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the

taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(ii) The Offeror has () has not (), within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) "Principals," for the purposes of this certification, means officers; directors; owners; partners; and, persons having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a subsidiary, division, or business segment, and similar positions).

This Certification Concerns a Matter Within the Jurisdiction of an Agency of the United States and the Making of a False, Fictitious, or Fraudulent Certification May Render the Maker Subject to Prosecution Under Section 1001, Title 18, United States Code.

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

Section M - Evaluation Factors for Award

EVALUATION FACTORS FOR AWARD**CONTRACT AWARD**

(a) Award will be made to the lowest responsible, responsive bidder that is otherwise eligible for award and

- (a) It is in the best interest of the Government to award this invitation for bid; and
- (b) Sufficient funds are available at time of award.

Bidders must fill in all pricing in Schedule B or be considered nonresponsive. Only one contract will be awarded.

(b) Contract Award -- Sealed Bidding -- Construction (Aug. 1996)

(a) The Government will evaluate bids in response to this solicitation without discussions and will award a contract to the responsible bidder whose bid, conforming to the solicitation, will be most advantageous to the Government, considering only price and the price-related factors specified elsewhere in the solicitation.

(b) The Government may reject any or all bids, and waive informalities or minor irregularities in bids received.

(c) The Government may accept any item or combination of items, unless doing so is precluded by a restrictive limitation in the solicitation or the bid.

(d) The Government may reject a bid as nonresponsive if the prices bid are materially unbalanced between line items or subline items. A bid is materially unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated in relation to cost for other work, and if there is a reasonable doubt that the bid will result in the lowest overall cost to the Government even though it may be the low evaluated bid, or if it is so unbalanced as to be tantamount to allowing an advance payment.
